Always good to visit new areas and discover what inner city suburbs can offer. Balmain is a hashers' paradise with lots of alleys, twisty-turny lanes, little parks, historic homes and great city views. There are plenty of pubs – so if one won't feed us, another one will! A great night for a lovely run through this beautiful part of Sydney. Thanks – Taxing!

WE SEEK HARES!!

Still great opportunities for hares – for runs in August, September and October – enjoy the fun of setting a run!

Walk in Kangaroo Valley – latest News update

Those wishing to stay out of the Pub Saturday for a while can join Sir Les for the expedition exploring the Drawing Board Tables. An easy stroll with a Happy Ending!

No real carpark at the base camp so I suggest we carpool outside the pub for an approx. 10.30am start. Some may have a coffee and shop in Berry on the way back to Kangaroo Valley?

This time may change if it goes to a committee meeting at the pub on the Friday evening? (After the Tigers beat the Newcastle wannabees.)

Don't forget to wear something Saturday night befitting a Christmas in July celebration.

The dinner will be roast Beef and Pork followed by a desert, circa \$25. Drinks at pub prices at the bar.

Run 1715 - Taxing - Cricketers Arms / London Hotel - Balmain

It almost took a separate hash map to sort where the pack was going to meet – after the planned venue was only going to offer a limited menu – so hare **Taxing** hopped over to the London Hotel (not in the city you are thinking of, just nearby in Balmain) for the On On venue....but we still met in the original venue....

Hannibal was collecting sympathy votes...with his walking stick...also handy for getting priority seating on buses.....

Time was called and the pack dashed out of the pub and down Ford St.... a few twists before **Dundee**, having forgotten the hare's quirky ways of setting arrows from all directions from a check (rather than just the correct way.....if you have not had the joy of standing at a check and pondering which way life will take you...), was calling On as he ventured further from the trail.

Merkin had timed his run to perfection...to take the trail up McKell St and back to Darling St. The pack was faithfully following the well-laid arrows down Palmer St and through Punch Park to the next check....where it was **Cold Duck**'s turn to call ON for a false trail...

To a steep set of stairs where **Bingo** refused to be the first to venture upwards....and looked (in vain) for a lower path. The pack headed to Birrung Park with the bright lights of the city shining across White Bay. A sight no doubt also seen earlier by the walking pack (they are more like a series of packs....from what I have seen...) – **Stopcock**, **Grenade**, **Doc**, **Goldie**, **Rabbit**, **Moa**, **Dish**, **Venus**...and **Short'n'Curly** who had taken a fall at her other running club over the weekend....

Through a few more streets and parks, keeping the water and bright lights on our right....and up another hill and on to a pre-planned shortcut (the TM was thinking ahead for once)...waiting until the front runners had scampered (have to mix around verbs when one is writing about running (or variations thereof) for a whole year) out of sight before guiding **Blondie** and **Canookie** down Duke St.

An optimistic (because who could possibly still be behind?) sign of SC (for Short Cutters...if you have never found yourself on that part of a run)...at the check mark meant that **Sir Les** could later

join us (his excuse was bad traffic) as we sauntered along while the front runners did the extra loop around Balmain East.

Goon also joined us down to Gilchrist Place and into a dark park (where the hare had thoughtfully advised us to keep left....should we falter slightly and end up in Mort Bay)...and up to Darling St where Cold Duck happily (presumably) displayed his lack of direction in stating where home was (I recall writing something similar in the last run report...history repeats itself). We were joined for a short while (they galloped past) by a group of local runners....before we headed back down John St (how many of those are there in Sydney?....even Google cannot tell me) and a few more twists before the last check of the night.

Up Thames St and across Darling St again...and back around the almost entire diameter of Gladstone Park – to where the stand-in bucketmaster **QR** had opted for a spot where Leichhardt Council were not asking for bucket parking fees.

CIRCLE UP!!

Hannibal made his way out of the wading pool (full of 100-year olds) and brought his new hip out for its first hash run. It has been practicing getting up and over, stretching and knee lifts in preparation for his performance of the Can-Can (with Moa) at the AGPU. Hannibal has also kept his mind active and alive with his in-depth research into one of Australia's all-time favourite sports – please read on!

In honour of our run from the Cricketers Arms tonight we will discuss the essentials of cricket.

Cricket is a <u>bat-and-ball game</u> played between two teams of eleven players on a <u>field</u> at the centre of which is a 22-yard <u>pitch</u> with a <u>wicket</u> at each end, each comprising two <u>bails</u> balanced on three <u>stumps</u>.

The terms, ball handling, middle stump, getting hit in the box and sticky wicket are essential to understand.

Like the various hashes around the world who each have their own colourful characters, so does cricket.

David Boon is one such character. He consumed 52 cans of beer on a flight from <u>Sydney</u> to <u>London</u> in 1989. Responding to the feat, <u>Ian Chappell</u> said, "In my day 52 beers between London and Sydney would have virtually classified you as a teetotaller.

Most harriettes drink more than that before dinner at an AGPU and SLOPS does that every day. Even so Boonie would be welcomed to a B2H3 circle and given a down down for trying his best.

Circle Run Report

It was great to see Canookie at the run, as she had just returned from a well-deserved break in Canadia. However, before she could find her bearings in the southern hemisphere, she was given the great honour of delivering the Circle report and providing her impressions of the Balmain run. A summary of her well-considered critique is provided below.

- It was a beautiful run that featured many great views of the city and Sydney Harbour.
- The run went through many areas that she had not seen before great lanes and alleys
- There were lots of arrows so that the pack could keep on track. In addition to the quantity
 of arrows, Canookie remarked about the excellent size of the arrows that were easy to
 see.
- The pack mainly kept together, but probably would have been glued together with the introduction of an on-back or two.

Canookie awarded the run "8.2" – which was well-deserved on a great night for hashing.

Prickette of the Week

Bingo - For spending time mentally preparing to run the Sutherland to Surf in under 60 minutes – and just missing the goal. However, she did achieve 5^{th} place in her division.

Bingo – Duck suggested that it was good that Bingo did not achieve her "PB" – as the last time she did this she exposed herself to a serious bout of over-celebration – which had consequences for her and anyone close to her.

Prick of the Week

Sir Les - For turning up late to the Sutherland to Surf bucket – as he had slept in. He didn't actually run the event – just wanted to enjoy the hard work of fellow hashers,

Sir Les – while he was quenching his thirst (with all the effort of getting to the bucket before it closed, he sent a "touchy feely" text to Hannibal about the wondrousness of Cronulla – which was quite out of Character.

Winners – Bingo & Sir Les

News from our Hash Community!

Hi Cannon & Elaine, Dundee

Bobbitt & Pilgrim's daughter (our granddaughter), Jackie AKA Afternoon Delight, went in the Sutherland to Surf Yesterday.

Her time was 59min 15secs - she did absolutely no training.

As a 10 year old, she came 16th out of 135 10 to 12 year olds, 408 out of 3014 females and 1496 out of 5595 overall.

Pilgrim (Dad) also ran but Jackie beat him by 9 minutes.

The older hashers may remember Bobbitt and Pilgrim from years ago.

Regards,

Moses & Justaninch (Denis & Betty).

JOIN RABBIT ON THE BLOODY LONG WALK

SUNDAY 10TH NOVEMBER 2019

35K WALK FROM PIONEER PARK MALABAR TO HICKSON ROAD RESERVE, THE ROCKS TO RAISE FUNDS AND AWARENESS FOR MITOCHONDRIAL DISEASE.

Mitochondrial disease (mito) is a debilitating genetic disorder that robs the body's cells of energy, causing multiple organ dysfunction or failure and potentially death. The harsh facts:

- Mito affects 1 in 5000 people, making it the second most commonly diagnosed, serious genetic disease after cystic fibrosis
- One in 200 people, or more than 120,000 Australians, may carry genetic mutations that put them at risk for developing mito or other related symptoms such as diabetes, deafness or seizures during their lifetimes
- There are many forms of mitochondrial disease; it is highly complex and can affect anyone of any age
- There are no cures and few effective treatment

This is why The Bloody Long Walk is so important. Not only does the event raise awareness of this debilitating disease, it also raises vital funds to enable much-needed support to patients and their families and essential research into the prevention, diagnosis, treatment and cure of mitochondrial disorders.

IT WOULD BE GREAT TO HAVE SOME COMPANY ON THIS WALK SO IF YOU ARE INTERESTED IN THIS CHALLENGE PLEASE LET ME KNOW.

FOR FURTHER INFORMATION, JUST GOOGLE THE BLOODY LONG WALK & CLICK ON THE SYDNEY EAST WALK.

LAUGHS FOR THE DAY:)

Twins

A very loud, unattractive, hard-faced woman walks into Target with her two kids in tow, screaming obscenities at them all the way through the entrance.

The door greeter says, "Good morning and welcome to Target. Nice children you've got there. Are they twins?"

The fat ugly woman stops screaming long enough to snarl: "Of course they bloody aren't! The oldest, he's nine and the younger one, she's seven. Why the hell would you think they're twins?..... Do you really think they look alike, ya dickhead?"

"Absolutely not," replies the greeter, "I just can't believe anyone would root you twice!"
