

Convict Trash

Run 1737: 23rd December 2019

Hare: Doc -Mascot

Starters Gun

Run No 1737 produced a reduced number of B2H3 members but a large contingent of visitors – **Curtsey**, daughter **Wallaby** & son **Hugo** (that's **Wallaby's** son not **Curtsey** 'cause if he raised anything at 80+ in the Sylvania homestead there'd be shrieks of laughter), **StringBean** & Grandsons **Cameron** & **Andrew** (he hasn't raised anything for many years but still has a smile on his dial), **Old Molar** in from the west accompanied by **White Pointer** also from thereabouts, **Sun Bean** who thinks his name should be **Fuck Off** (everyone agreed) & **Jack** partner of **JJ**.

No bloody **Bingo** so it was left to **Dundee** to call On about 2 minutes late, with the walker contingent, **Spini**, **Venus**, **Sniffer** (but she probably reckons she ran again), **Taxing**, **Stopcock** etc. continuing to chatter away, which (shock/horror) meant they were last back at the bucket again.

Run Report

Doc's Dizzy Demonic Drag

Back out to Botany Road & an early On Back towards Mascot station, then a couple of streets further along back towards Mascot station again & **Dundee** thought he knew where they were headed by telling **Blondie** they were doing the last run from there backwards & she just smiled, suggesting she knew where the trail went – amazing.

Through a park to a check, which sent the group back towards Botany Road, which **Dundee** believed was a smart ruse perpetrated by **Doc** to let everyone believe the trail didn't intend to head back to Mascot station & he just smiled like **Blondie** but with less conviction & teeth. A fairly long stretch heading north along Botany Road & **Dundee** thought this is going to be a long run 'cause when we crossed over Botany Road heading east to an On Back & he encouraged young **Cameron** to venture with him further north, it looked as though it was going to be Redfern bound (**Bingo** is going to have fun with this 'cause she's going to interpret this dribble & have no bloody idea where we were).

[Bingo] That's why you sent me a map!!

Anyway **Blondie** called us back south from the Rickety Street intersection (that's what my Dad called it before some dolt changed its name to Gardner's Road) & **Cameron** had lost faith with his running partner & decided to hook up with **Pig**, which was an even bigger mistake. **Pig** was hoping that his new found friend would have some respect for those of an older vintage to help him stay on trail & not have to check or return from On Backs & that's what **Cameron** loves best.

Around the back blocks of Rosebery, through a number of Checks & On Backs, **Hugo** had decided to give **Dundee** a race – silly boy - & was soundly beaten to the next corner, where **Dundee** decided to have a minor heart attack. Back through a meandering sequence of Checks & On Backs we headed towards the Bucket & a very welcome beverage.

Great Run **Doc**, plenty of arrows Checks & On Backs to keep the pack together, well worthy of the high mark (don't know what it was).

On On **Anonymous**.

Circle Up

RA was **Grewsome** talked about planes & stuff because he couldn't find anything interesting about Mascot other than they reared some brain dead South Sydney footballers called **Sutton & Murray** & a heap of other blokes they probably stole from the Dragons.

He introduced the Run Reporter wife **Scotch Mist**, who suggested that she was only asked by the TM to officiate after she'd run a km & had no idea where she was & **Dundee** suggested that was ok because she was a woman but she retorted "I'm not **Bingo**". Don't know whether she was implying **Bingo** wasn't a woman or because she wasn't **Bingo** she automatically had great directional abilities, which had the RA chortling.

Anyway she suggested we all ran around in circles until we finished at the bucket & there were heaps of arrows checks & On Backs obviously to keep us running in circles & she gave it a number but I didn't write it down 'cause I was laughing too much.

Pricks

Curtseying nominated **Doc** for not telling everyone who accessed the web site that the run would start at the rear of the restaurant not the front & **Doc** didn't answer probably because he had no idea about who was responsible for the web site & the bloke who was just shut up.

Grewsome nominated Dad, **String Bean**, for telling him that in the down downs it didn't matter how much you spilt as long as you finished first & then, with age getting to him, was beaten by everyone during the visitors down downs, including the harriettes & a couple of children.

Sun Bean nominated **Dundee** for believing his name was **Fuck Off**, after that was his own suggestion.

Pig nominated **Spinifex** for suggesting his wife should be defoliated just like her.

Grewsome nominated **Scotch Mist** for a range of things connected with her getting pissed & leaving him to look after everything as all good men do & something about being pissed & forgetting to alight from a train at Wollie Creek & falling out at Redfern & **Andrews** school holidays party but she had her own Christmas party or something (they talk too quickly).
