Circle Report - Hannibal

1 Wiak Road, Janalli.

Here are some interesting facts about 1 Wiak Road you all need to consume...

Sutherland Shire Historical Society has advised the land was purchased in 1882 by Myles McRae and in 1909 was passed to his son Reginald.

In 1927, Reginald sold the land to his brother Charles Clarence McRae who appears in the 1933 electoral roll at Railway crescent (which would have been the address before Wiak Road).

Charles died in 1945 and the property went back to his brother, who sold it to George Fisher who is believed to have built the house there in 1945.

Part 2 post 1945, will be provided at the next Jannali run or ask local colourful character Sir Les.
