Run 1525

RUN 1525

“GOLDMARK & VENUS @ RAMSGATE”

RUN REPORT:

A beautiful spring evening and the Pack headed east through the shops to the first check on the Grand Parade. Some checked north, some checked south and when the lights changed, some towards the beach where the trail was found taking us along the bike path.

Then into the pine forest at Alice street. The first On-back was found in Carruthers drive. Trail was found again in Gannon avenue and then into Milton avenue. So far so good the Pack was still together.

The next check at the corner of Clareville avenue had the Pack starting to spread out and I had to keep crossing the road to mark arrows because the trail seemed to be doing just that. The next check at Sanoni avenue slowed the Pack a little until the trail was found in Dickin avenue, seems to be a lot of avenues – but I digress – as we headed into Equestrian Park another very pleasant area.

Through the park to Ida street and crossing over Napoleon street to the second On-back of the run, only one more on-back to go. The Pack were called back and put on trail along Napoleon street. The next check was on Russell avenue that led up to the last on-back in Noel Seiffert Park and unfortunately RABBIT who ignored the other walkers she was with headed straight on along Russell with her map and the front runners saw her and did not head down Russell but continued along Napoleon to Sandringham street and found trail in Bona Park.

The next check found us at Alice and Horbury streets. Trail was east along Alice into Walter into Park and onto the Bucket.

A good run plenty of checks, not enough On-backs and unthinking walkers with maps.

Circle Report

Religious Advisor, **Hannibal Lector**, arrived just in time to administer proceedings over the rowdy but anticipatorily, enthralled mass. The writer has only become aware that he's been overseeing his son's touch football responsibilities on Monday nights hence the late arrival. We should, in fact, show appreciation for his diligence & show more respect to him in the future. Phew that should keep me off the Prick nominations for a while.

Run Report

Goon was awarded the task of issuing the last rites to **Goldmark & Venus's** run which was ably assisted by **Blondie & Moa** – wow four women working out which way to go, amazing they were able to finish, let alone at the bucket. **Goon** came with great expectations (I think most of us come with great expectations but are more relaxed afterwards) of another Ramsgate run & he wasn't disappointed as he spent most of the time front running with **Slops**. Question needs to be asked here – if they were front running all the way, what were they doing to finish 5 minutes after everyone else??

He also noticed **Mudflap** front running as well & said something about her taking all the oxygen from the air around which slowed he & his partner a little – credibility suffering a bit **Goon**. But there were some beautiful waterways & parks, which will quickly disappear with the extension of the M6 & then he mentioned something about **Rabbit** sounding like **Joystick** (poor bugger) & shortcutting or something.

The Hares were given 4.25 each, which equates to 9.5 but not sure if that was out of 20 or 10.

Visitors: - None

Athletes: - None

Birthdays: - **Bingo** for turning 29 a few years ago.

Prickette and Prick nominations

Saint was nominated by **Loan Arranger** for not understanding the difference between flour & birdshit so don't eat any of her cakes if they're offered.

Venus & Goldmark were nominated by **Joystick** for nearly getting him run over but I think that was probably at **Mudflap's** instigation.

Rabbit was nominated by someone for running round & round in a park because she couldn't find her way out – needed **Bingo's** assistance.

Joystick was nominated by **Grewsome** for something about bike riders, which, I think had something to do with the previous nomination so blame **Mudflap**.

Joker was nominated, I think it was him, for something about giving security advice to **Sunbean** or something & I think **Loan Arranger** was involved as well.

Pricks – no bloody idea because I didn't write it down but it wasn't Dirty Weekend or Dundee.

Dundee's thought for the week

Why is it that women are very upset about us blokes staring at their (breasts or bosoms they call them we just call them tits) when they insist on buying (tops they call them we call them shirts or singlets) that have lettering or photography that encourages us to look at them? I saw a very attractive young lady, obviously a body building weight lifter, with two small children (both daughters) in Bay Street, Brighton with the following literate enlightenment:

I Clean

I jerk

& I Have a Nice Snatch

Jokes

Joke of the week

Dinkum! I had a dream the other night, see. I was in the old west riding in a stagecoach. Suddenly, a man riding a horse pulls up to the left side of the stagecoach, and a riderless horse pulls up on the right. The man leans down, pulls open the door, and jumps off his horse into the stagecoach. Then he opens the door on the other side and jumps onto the other horse. Just before he rides off, I yell out, "What was all that about?"

He replies, "Nothing. It's just a stage I'm going through."

(Thank you, thank you all! I'm here till Thursday. Try the veal!)
