## CIRCLE REPORT

**Loan Arranger** was quick to show he had full control of the gabbling harriettes by calling “circle up” at least ten times before any attention was given & even then begrudgingly – I mean what right does he have to interrupt people who are all talking, nobody listening just so they can hear their own voice, only to address his esteemed position of Religious Advisor God is bound to hear about this.

Frustrated he called on **Hannibal** to give some sanity to the proceedings by filling in the history of Bardwell Park/Earlwood area. Apparently there were trams running through there when Jimmy Cook & his crew were fighting the abos in 1788 but the date’s wrong cause that was 1770. That was just before the railway & pub arrived & **Holeproof** had her maiden root in the bush beside the M5 smoke stack. Then he started talking about bats, which your stand in scribe thought he

said cats & wondered why he didn't call them pussies cause he spends most of his days thinking about it – pussy that is.

## **Run Report**

**Grewsome** selected himself to handle the run report, which means he probably won't send me a run report & I'll have to write the run report as if anyone ever reads these bloody things or maybe I'll just use this report as the run report if you know what I mean. Well that's completely confused me so I'll just see if I can read my scribble.

The TM was suffering great stress at being late once again but, with his usual running ability, was able to catch the pack, which the hare had "circling the wagons" for some reason. Now your stand in scribe was of the understanding that the wagons did the circling when being confronted by Indians (red ones not black ones like we have here), maybe it was from following all the arrows which confused him.

He knew it would be a well set run because **Goon** always sets a good run but assumed, due to his absence over the past 6 or 7 years, it to be new territory & the hare had spent the weekend carving out the run with his machete. He must've spent a great deal more than the weekend if he laid & cemented the pathway as well as the plastic walkway but we'll accept the inference as fact.

The map confused him a little when it suggested an arrow running through a building but not as much as **Hannibal, Sir Les, Slops & Tickle**, who were sent on a shortcut to the bucket, which brought them in 20 minutes behind everyone else & ensured the hare would be reduced to selfies for the next month.

Because of the above (losing the hash people) he was awarded 9.9 out of hundred.

## **Visitors**

**Carpet Burn, Mudflap, Ice Box & Hot Dick**, which begs the question – is it because she has an ice box that he has a hot dick or that he needs an ice box in which to put his hot dick?

## **Birthdays**

**Stopcock (big 70), Dish, Goldmark, Grenade & Mudflap & if you add all their ages together & deduct the number from the current date it equals the year Columbus founded Donald Trump Ville.**

## **Prick Nominations**

**Canon** was nominated by **Pig** for selling his VW & buying a cheap "piece of shit" because the Vdub was too expensive to run so he sold it to his daughter (bet she's real happy).

**Pig** was nominated by **Spini** – now bear with me because this could be a very long story – apparently he was asked by her to pick up a campervan from a neighbor who loves a chat & has a gorilla in the front yard (this is what I heard), or maybe he was the gorilla in the front yard but she didn't want to talk to him so she hid behind a car. Not being known for his attention to females in distress, **Pig** decided to involve him in conversation anyway & was asked whether he was **CB's** father as he thought **Spini** was her mother. I think Emma Thompson's her mother.

## Prickette Nominations

**Tickle** was nominated by **Pig** for turning left when she should have turned right or something & it was all **Bingo's** fault cause she's in Brisbane & if she was on the run **Tickle** would've just ran in the opposite direction.

**Carpet Burn** was nominated by **Spini** for not being able ride a flamingo, which she thought strange cause she can ride anything.

**Rexy** was nominated by **CB** for saying that she likes going down but **Bingo** told she doesn't – must've meant something about the terrain I think.

## Pick and Prickette: Rexy and Pig

## Announcements

**Duck** announced that he & some of his reprobate mates had reconnoitred the pub crawl, during which **Goon** had won the throng throwing competition, entitling him to a new VB esky, which he has donated to the club.

There's a flyer coming for the occasion – see next week's trash.
