Run Report

An excellently set run with just the right number of checks & on backs to keep the pack together, beautiful scenery of Carlton & Allawah medium & low density housing, newly designed Allawah station, Highway traffic flirtations, sprint around Beverley Park Golf Course, devious on back after mad woman's loop, past the famous St. George Leagues Club & Jubilee Oval, where the pack had their breath taken away by the magnificent display of past players of the most famous Rugby League Club in the world, before returning to the bucket. Well worth 10 out of 10 & yes I know where my next bonk will be.

CIRCLE REPORT

Loan Arranger in the absence of our esteemed historical expert invited **QR** to regale the group on his memories of the Carlton area & began by expounding the virtues of the most famous Rugby League Club in the world – the mighty Dragons – before offering the previously unknown facts of there being a station with a lift across the road from the pub, it's near Kogarah & is the current abode of **Slops**, amazing stuff. **Pig** then added to our expanding knowledge by letting us know his son lived up the road somewhere. The pack was coming to terms with all these incredible facts when someone farted & brought us back to reality.

Run Reporter

Grewsome having missed the start, which allowed **Pig** to officiate as Trail Master, thereby ensuring he didn't get lost, decided to officiate with the last rites to **Bingo's Beverley Park & Back Boogie**. He began by offering reasons for his late start as he left home with plenty of time for a relaxed journey until he met the lights on Prince's Highway, where somebody decided to cross inefficiently & paid the penalty (let that be a lesson to you all). He then thanked **Pig** for acting as TM but suggested we all left early as he was at the pub at 6:28 & we'd all left – suggestion, reset clock in car, fancy suggesting Hash people leave a pub early. The run was well set around Carlton Heights, Allawah station received a mention, where it was suggested the reporter & **Dundee** waited on the corner for the pack to arrive like a couple of desperate hookers I suppose he meant those that put their collective heads in scrums). He ran past **Tickle** at least 6 times & gave the run 8 out of 10.
