## Run 1543

Ok so, haven't heard from the TM about the run, this is my best recollection. If I hear from QR I'll send the docs separately.

The first of our winter runs was a fairly balmy night that Rabbit had organised, with plenty of precipitation during the day, she took great care by using both chalk & flour & plenty of both. I'm getting more impressed by her skills. Expecting plenty of hills (tick) plenty of checks (tick), plenty of on backs (tick) & keeping the pack together (double tick), losing the TM (triple tick).

Unfortunately, your poor scribe chose to check every bloody thing so was left at the back of the pack everywhere but still was available to find the tunnel under the road adjacent to Renown Park – the home of the great Reg Gaznier - & lead the pack through the black as pitch bush trail, before finding more bloody hills & a convoluted return to the bucket.

Bloody good run Rabbit.

## Circle Report

**Hannibal** had no idea about anything connected to Hurstville Grove, apart from believing it was the arsehole of Sydney for some reason. No idea about how far from the city, which is his usual requirement to the diatribe, or that it was the former home of the great **Reg Gaznier**, one of the original Rugby League Immortals. But Western Suburbs doesn't have any of those so he probably had no idea of the prestige involved. There has never been & probably will never be anyone of any football code that could emulate the mighty deeds of "Puff the Magic Dragon", whose memory will always linger on those privileged to see him in operation. Unfortunately a cruciate ligament knee injury, which is fixed in a few weeks these days, cut short a career that would never be surpassed & he passed away last year. I understand **Bingo's** been reading up on his exploits as part of her knowledge input for the Kogarah Tavern Footie Picks.

## Run Report

**Merkin** had been selected to officiate over the last rites to the run, with about ten seconds notice, suggesting it was a great run with lots of hills a tunnel, plenty of bush, which reminded him of home so why did we name her Brazilian??? He also remembered a tunnel & some flashing or something around Renown Park, home of the great Renown Rugby League Team, which produced the great **Reg Gaznier & Bingo's** friend **Billy Smith**. In order to preserve the high order of awards he gave the run 9.7 out of 10.

Visitors: - None

Athletes: - None.

Birthdays: - Squatting Squaw & Doc.

New Shoes: - Joker & I'll keep mentioning it until he gets to drink out of them.

### Prickette and Prick nominations

**Canon Mouth** was nominated by **Loan Arranger** for taking his run position at Gynea, even though the aforementioned had allocated his intention many weeks before the latter had even contemplated if you know what I mean.

**Rabbit** was nominated by **Jungle Jane** for noting that the run would be from Bells Park, which was in fact nowhere near the actual run start apparently.

**Rabbit** was nominated by **Pig** for hopping around like a rabbit & hiding in the bush like a rabbit, which is why she was probably named **Rabbit**.

**Blondie** was nominated by **Doc** for telling him he was born a day early because she was going to celebrate his birthday a day later & he was only a man so it didn't matter that she failed to remember the correct date.

**Squatting Squaw** was nominated by **Dundee** for attempting to neutralise the pain being experienced by her partner on a run, when he trod on a stinging nettle, by dropping her pants & pissing on his foot. The pain's gone & so is the foot but he loved the fact that she thought so much of him that she wanted to piss on him.

**Sniffer** was nominated by **Jungle Jane** for appearing on TV with her hair not combed or something.

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: [www.motherhash.com](http://www.motherhash.com), and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

## Dundee's Rant of The Week

Why do we allow brain dead politicians & bureaucrats to tax us to the limits simply because they think they can by offering lame excuses of budget problems, when those problems only exist because of inefficient government. Most of these people wouldn't have a clue as to how to run or manage any sort of business because they're too busy making life impossible for the rest of us with unnecessary, overbearing laws.

Income & Business taxes are stupid & unnecessary, they make us incompetent & uncompetitive in the world market place, think, also, how little bureaucracy we'd need without those taxes. If we really need governments to run things like schools, hospitals, roads etc. then they should be paid by the user & with assistance from better established financing from Land Taxes. Land should only be leased, never owned, the associated taxes would more than cover what's required to run a reasonable society. It would also put a brake on the burgeoning world population, which is stifling our very existence.

If we don't do something very soon the result will be catastrophic for our children, ending the social experiment for good.

## Snickers' Serious Scientific Summations

Snickers has just texted from outer space that he's on his way to Titan, one of Saturn's moons, to investigate the huge seas of methane that cover the surface of that moon, with the object of enhancing his Fart Factories with pure product. He's worried that the success of his methane powered vehicles will be too much for cow farts to cover & needs a backup. He'll keep us advised.
