## Circle Report

**Hannibal**, whilst **Big Ears** was being trussed like an Egyptian mummy, began as though there weren't any problems – **Big Ears** leaving a great part of his anatomy on the road, no power in the area, no possible prearranged dinner, no extra booze etc. – by letting us know this was B2H3's 30<sup>th</sup>. Committee - bloody amazing stuff. It was also its best – no competition there either. Then he mentioned **Dame Nellie**, no idea, 10 & shit WC & that's what I wrote but have no bloody idea what it means.

He then, of course worked to his favourite subject, the pristine stream that flows languorously & effervescently passed the club. Apparently the stream is renowned for its beaver colonies, many sightings have occurred of big black ones & there have also been much spearing of the bearded clams or so he says. Makes one wonder what dominates his mind these days – oh he is married. Then he seemed to mess with the names of the stream, mostly calling it Wolli Creek when it's really Jimmie's River.

We were told that Wolli Creek begins its journey at South Narwee, the site of next week's run – fabulous segue - & is home to 175 bird species – they must like old boots & oil - & many fresh & salt water fish – hope I never get a chance to eat them. We also ran past an historical church – yes I know we pronounce the “h” unless you're a Catholic or come from Mt Druitt but one learnt when one was a school a few years ago, that the “h” was to be considered as a vowel, therefore an is correct.

We also learnt that the church was home to a Caroline Chisholm of \$10 note fame or some bloody note & that Wolli Creek also housed a village square within which there were Middle Eastern smells & that immediately assured there would be no dinner tonight. Oh & **Kizzme** is old enough to remember the initial run as we celebrated our 1550 with one of **Moa's** special cakes.

## Run Report

**Grewsome** decided to officiate over the last rites for the run & suggested the run began with a mad woman's loop, which really wasn't a loop he said & the dissertation reduced in content from that point – interesting back streets of Arncliffe (if you're into that sort of thing), ran across a couple of bridges, through the marijuana park (his terminology not mine) under a bridge & home. Should've written the bloody thing myself but he gave me 7.5 out of 10 for the best run of the year, I'm deflated.

Visitors: - **Powerhouse**.

Athletes: - **Duck – 600 & Goldmark – 200**.

Birthdays: - **None**

New Shoes: - Joker & I'll keep mentioning it until he gets to drink out of them.

## Prickette and Prick nominations

**Holeproof** was nominated by **Slotcard** for her house minding activity, which had something to do with 3 toilet rolls she had to buy & taking care of 2 Corgies, one of which she named **Taxing**. Dunno you'll have to ask her.

**Moa** was nominated by **Pig** for having a dozen chooks but only one layer, sounds like some of the chooks I know.

**Squatting Squaw** was nominated by **Hannibal** for never having attended the Scots club.

**Bingo** was nominated by **Jungle Jane** for not being able to run because she spent too much time on the dance floor & some of it was actually dancing.

**Jungle Jane** was nominated by **Hannibal** for wearing boots to the run – must be winter or she's lost a thong.

**Slotcard** was nominated by **Holeproof** for wanting to spend a night in bed with her – must love snoring – oh I forgot she's deaf.

**Dame Nellie** was nominated by **Rex** for telling her wasn't wearing any undies, must think that would've won her over – I think most of us would've been more interested in whether she was wearing any. He was also nominated by **Jungle Jane** for being the worst dressed Hashman, must've dressed in the dark.

**Dundee** was nominated by **Grewsome & Sniffer** for something but it wasn't very interesting so I didn't think it worthwhile to report here.

**Pricks – Bingo & Dundee. Why us every 2 weeks????**

Jokes: -

**Big Ears was going to tell one but was having his face reconstructed so we await his return.**

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: [www.motherhash.com](http://www.motherhash.com), and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

## Snickers' Serious Scientific Summations

**Snickers has given the government an ultimatum as to the finalisation of Dundee's plan to create a major tourist attraction in Lake Eyre by installing a canal from the Spencer Gulf to ensure the lake has water year round. He has devised the canal path, which is almost in existence now, to fill what will be the largest lake in the southern hemisphere. As we all know the lake is currently 15 metres below sea level so it doesn't need much or any dredging but it's envisaged the proposed dredging will help create a strong perimeter to the lake & establish a lower overall depth.**

**Benefits to the country are enormous – major tourist attraction, already there are a number of hotel groups clamouring for approval – fishing, swimming, boating & sailing are many of the proposed beneficiaries – water evaporation will create much**

**needed cloud & rain for the western parts of Queensland & NSW a real boon for the farming community.**

**In order to make the area liveable, Snickers has devised a desalination plant (the one currently in situ but never in use in Kurnell would be ideal) to provide fresh water for the communities, expected to be in excess of 100,000 & to establish a sea salt factory for world export.**

**The Pedder River & Cooper Creek will be dammed to provide supply for the plant & it's proposed to cover the dam water with a large plastic solar panel, which will, both limit evaporation & supply energy for the desalination plant & community resources.**

**Fish & prawn farming are just some of the industries envisaged for the area & it's proposed to feed them with some of the dopey politicians in the State but Snickers doesn't believe they have any nourishment so he intends to send them to Afghanistan instead.**

**Snickers has done it again.**
