Circle Report

Hannibal was again missing in action due to family commitments & **Duck** had accepted the responsibility of RA before he pissed off home to watch the Sharks just get home again. This forever changing of the RA makes my job heaps difficult cause I can't repeat anything from last week & I can't even remember whether it was **Duck or Goon**.

Anyway **Anyway**, where the fuck's **Anyway**? Haven't seen her in weeks, which means she'll get plenty of mentions until her return. We were made aware that Kirrawee was abo for most boring suburb in the Shire, full of boring people like **Ringless, Squatting Squaw & Loan Arranger**. Apparently it's also the only suburb in the Shire in which **Holeproof** hasn't had a bonk or, at least, one that she can remember so it's up to you **Pseudo**.

Run Report

Rexy was selected to administer the last rites to the run & wished to let everyone know that she's in such good fitness that she could lead the only runners to complete the full run – **Squatting, Rimmy & Dundee**. Apparently there were some other late arrivals but she couldn't give a rat's about them cause she's a front runner.

We were then given a geographic lesson as to where we ran – it was over there & up there & down there & over here & then up Wanganui, which the hare believes everyone should experience at least 500 times in their lifetime. And there were only 4 runners & she was leading them & they had to swim a raging torrent & the walkers wouldn't have had a clue cause they were talking & stuff & she gave the hare an A+ & an Elephant Stamp cause she's trying to get into his pants or something.

Visitors: - Snake Charmer, who Bingo thought (even though she lived with her) was named Snake Pit, which is an ideal name for a promiscuous Harriette.

Athletes: - None

Birthdays: - None

New Shoes: - Joker & I'll keep mentioning it until he gets to drink out of them. Nearly got him last week but Sir Les alerted him before the bucket.

Prickette and Prick nominations

Spini was nominated by **Merkin** for thinking that 6 inches is bloody long, which is understandable considering everything reduces in size when you're a woman of a certain age.

Saint was nominated by **Dundee** for asking as to the proximity of the bucket from her car as she was approaching the roundabout & when shown the direction, went in exactly the

opposite direction & **Dundee** should've known that would be the case cause he understands women & he should've pointed in the opposite direction.

Sniffer was nominated by **Pig** for trying to find her car keys & then worrying as to how she would start the car, not realising that she didn't drive tonight as her sister (**Climax**) was the DD for the night.

Joker was nominated by **Moa** for changing his shoes before the circle.

QR was nominated by **Goon** for being completely befuddled about the run because he can't read maps & should forget about them when he's TM & let the lazy bastards find the trail themselves.

Sir Les was nominated by **Duck** for arranging a Korean massage, which gave him much pain but no orgasm, until he realised the size of the massager & faked one.

Pricks – Sir Les & Spinifex

Jokes: - None

Hash House Harriers (1938), Kuala Lumpur, Malaysia, is pleased to announce that it will be holding a celebration to observe its 80th Anniversary in September, 2018. Hashers from all corners of the hash diaspora bearing our name, or variations of it, are cordially invited to 'return' to the cradle – and the Eden - of hashdom, for a grand extravaganza in celebration of this momentous milestone. Participants will get to be a part of what is shaping up to be the largest congregation of hashers the world has ever known. Motherhash is ready to welcome you back to the origins; be transported back in time to where our hash forebears first germinated and gave birth to our very realm. Gispert and his band of trailblazing initiates of 1938 will be on hand, metaphorically, to welcome you back to our spiritual home, the HASH HOUSE. Yes, Motherhash's 80th Anniversary will conjunct with the unveiling of the resurrected HASH HOUSE, albeit by necessity in a different locality.

Be the fortunate first 1000 registrants, and pay only USD80.00 for the hashing experience of your lifetime! Registrations can be done online. Visit our website at: www.motherhash.com, and click on the link to our 80th Anniversary.

Please note that registrations are only accepted via our online registration portal as mentioned above, so please help out your friends who are not so IT savvy. We will not accept any hard copy or direct registrations. This 3 days event is open to ladies as well.

On On to the BIG 80th!!!

Hardy Boy Organising Secretary Motherhash's 80th Anniversary

Ps We strongly suggest, the real hashers register quickly before the Early Bird rate is all taken up – 518 at time of writing.

Dundee's Rant of The Week

I was reading a promotional stock market report about stress in the market & how to handle it. An anecdote was given from a study by the Institute of Neurology in the University College London asking what is more stressful?

- a) Knowing for certain that something bad will happen to you?
- b) Being told you have a 50% chance of something bad happening?

The surprise answer was b) because you can deal with something that you know will happen, whereas expecting but not knowing is much more stressful to almost all those who undertook the study. So the result is we spend too much time worrying about stuff that either won't happen or, even when it does, usually won't be as bad when it does.

Snickers' Serious Scientific Summations

Snickers has been missing for the past few weeks because he's been on a very secret & very important investigation on behalf of NASA & the US Government. Obviously the project is very hush hush but, if he's successful in the investigations, it will possibly, finally, result in the meaning of life. This is excruciatingly exciting.
