

Convict Trash

Run 1877 – 3rd. March 2023

Hare – Sniffer's Sans Souci Shunning

Great to see Joker return for the last run of this committee, just in time to assume some authority in the next committee but he remained non committal as the involvement just like everyone else I've asked to be Scribe.

Even Cam couldn't be influenced by the suggestion it would be good for his English lessons if he could show the school what he achieved every week as the B2H3 Scribe, writing long Hash reports.

Looks as though next year may be sans scribe, just recording the Prick nominations for the year book. The runs will still be recorded on the web site, which Grewsome has happily been able to return in its entirety via the new web site. Not enough thanks can be given for his efforts with the club.

Anyway there won't be a Merkin submittal in this week's Trash as the poor bloke battles some internal problems, which required hospital treatment last week so the entertaining run report from the stand in Trail Master, the ever responsible, Grewsome, will need to suffice. And then I noticed he had sent me the run report:

1877 – SNIFFER DOG – INTERSECTION HOTEL RAMSGATE

With the temperature hitting 40 degree in parts of Sydney, we gathered at the hotel hoping Sniffer was going to take pity on the pack and shorten the 8km run she had planned.

With the TM again injured Grewsome and Andrew got the runners going include Joker (welcome back), Dundee, Pig, Cold Duck Rabbit and Sir Les who all started running before some slowed to a walk as the heat took hold. We ambled around the back streets before heading towards Kogarah Bay.

As we crossed Ramsgate Road and headed around Beverley Park Gold Course the walkers included Bingo, Dish, Grenade, Hannibal, QR, Slotcard, Short N Curley, Climax, Double Bang Her and Hell I Smell Her and Ringless were spread out and some were looking for short cuts.

Back at the bucket we were met by Stop Cock and Hot Poker with Stop Cock bringing Hot Poker out for a special birthday dinner with the Hash.

Grewsome gave the run report and awarded a well deserved 8.5 / 10 to Sniffer who had set a great run.

Circle:

Doc, having succumbed to the dreaded Covid, passed the baton to the ever faithful Bingo, having sent his usual suburb report, which she completely ignored but will be included here.

Again, as usual, Grewsome, having taken responsibility for the TM role also was called upon to issue the last rites to Sniffer's run before she heads off overseas again – I think we should insist on her obtaining a leave Australia visa.

It should be noted here, that Grewsome had left his wife & younger son at home as they were to celebrate a birthday with Scotch Mist's sister, which meant he would need to return immediately after Circle. So Bucket Master, Trail Master, Run Reporter < I don't think we'd have a Hash if it weren't for him & his family.

Grewsome was going to ask Joker to act as run reporter as he was one of only 4 runners – there were 6 starters but Pig & Cam were allowed to shortcut home - but thought he'd take pity on him for being away from Hash for such a long period.

He started by thanking Sniff for shortening the run from the usual 6 kms, 6 checks & 6 on backs to about 3 of each due to the blazing temperature. The last few weeks Hook had dragged everyone around the course, which was true last week but the week before he spent the whole dawdling with Pig, this week it became a slow dawdle with Duck, Dundee & Joker doing their best impersonations of athleticism.

He said it was almost a carbon copy of runs she'd previously set from the pub but thought it still worthy of the usual 8.5 out of 10.

Over to Doc;

Ramsgate – What's Changed?

🕒 Captain Cook had beautiful conditions when he first sighted the shores of Botany Bay. The conditions when the First Fleet arrived 18 years later were not so good so they changed their mind & settled in Port Jackson instead.

🕒 The whole area from the Cooks River to the Georges River was once known as 7 Mile Beach. The mouth of the Cooks River was moved to make more room at the airport and is now only 6 miles from the Georges River

🕒 Ramsgate used to be 10 miles from the city. Now it is 16 kilometres from the CBD.

🕒 Ramsgate was named after a seaside resort in England. In 1993 they divided Ramsgate NSW into 2 suburbs – Ramsgate and Ramsgate Beach. Now the suburb of Ramsgate has less than 2000 residents and no waterfrontage.

🕒 The Ramsgate area was once home to a couple of hash legends – Stringbean and Grewsome, until they moved elsewhere.

🕒 The Intersection Hotel has welcomed B2H3 as the ON-ON venue for many runs, but once denied these hashers access after they had already consumed many ales at an AGPU up the road.

Pricks of the Week

Duck was nominated by Joker for ignoring a loud siren from an ambulance, darting across the road in front of it, terrifying the driver & almost becoming another statistic for the poor ambulance personnel.

Joker was nominated by Grewsome for Pig asking about his non attendance, to which he replied that he was retired now so was too busy to come.

Duck was nominated by Hannibal for ensuring that he will be considered as Prick of the year cause Grewsome was worried that he might be the recipient.

Dundee was nominated by Bingo for not understanding that you need to rip some paper off the car deodorant before using, She failed to mention that it was only bought because she kept complaining about the smell in the car, which only seemed to be there when she was present.

Bingo was nominated by Hannibal for taking 10 years to fix Dundee's car freshener.

Grenade was nominated by Grewsome for something to do with her favourite football team.

Winners were Bingo & Dundee
