

Convict Trash

Run 1890 – 5/6/23

Hare: Grewsome – Location: Taren Point

Starters Gun

*6pm – the Eastern suburbs contingent arrived and settled into the bar at the front of the hotel ...
“no one from the Shire here as they probably have not left home yet”

*6.10pm – the Kogarah connection arrived through the front doors and disappeared

The Taren Point Hotel has three bars, a dining area, a car park out the front, a very large car park out the back (being the space to park many huge trucks), a drive through bottle shop, a rather run down “Motel”, a food truck, a children’s play area and heavens knows what else

*6.25 – and most B2H3ers have found each other and are ready to face what Grewsome has in store for them. Two missed the run but found the bucket. (Superior Hashing skills???)
