

Convict Trash

Run 1926- 19/2/24

Hare: Grewsome – Location: Loftus

Starters Gun -

Lightening, thunder, torrential rain and then round two of lightening, thunder and more torrential rain did not deter B2H3ers from their usual Monday night gathering and run or the Hare from setting his run.

Circle Report – Hannibal

There are many dirt trails emanating from Loftus Oval. Locals love the area for all its benefits.

There is a public convenience at the oval with interesting and thought-provoking artwork on the surfaces.

The names John, Stuart, Brian and Jeff appear regularly. Anthony however is the most common name including its Vietnamese version, Khoc.

Weirdly, Fiona is also there too.

We all look forward to visiting Loftus Oval again soon.
