

Convict Trash

Run 1935 - 22/4/24

Hare: Bingo – Location: Caringbah

Starters Gun

Blondie was feeling a little peckish so handed around a before run snack of Cheese Twisties ... she was really experimenting to see if this nutritious blend of artificial colourings and flavourings will enhance the runner's performance.

*Five local landmarks –

#Caringbah Drive In – opened in 1956 and closed in 1988 ... was where McDonalds is now on Taren Point Road. "Dirty and I went there when we were courting. I would bring a flagon of Ben Ean Moselle and two chilled glasses. Not sure we saw much of the movies."

#Sutherland Hospital – opened 1958. I am sure many of our group were born there.

McDowall's Department Store – opened in 1961 on the corner of Kingsway and President Avenue opposite the Pub. It was the biggest stand-alone Department Store in Sydney. It became Waltons and is now a bank.

#Caringbah Inn -opened in 1954. Where Pig got kicked out of many years ago. The bouncers did not like the look of him. Where the Sharks players got pissed after training in the 70's and 80's on either Tuesday or Thursday nights. I can not remember. The other drinking venue was Taren Point Pub.

#Endeavour High School – many notable students including Grewsome and myself
AND

Andrew Hilditch – Captained Australian cricket and a selector

Moses Honriques – Captain of Sixers, played for Australia

George Kambozes – Boxer

Craig Stephens – swimmer, gave his place on the Olympic team to Thorpedo when he was disqualified.

And a long list of League players

Athletes –

New Shoes –

Prickette -

*Hannibal > Grenade – has a cushion in her car with pictures of Bob Dylan and Van Morrison on it ... so she can sit on their faces

*Duck > Bingo – writing on the footpath in chalk I love you ... and there were rainbows, unicorns and flowers

*Pig > Sniffer – walked more than her 300m from the pub

*Grenade > Slottie – “I am walking behind Ringless so I can see his pole”.

Prick –

*Hannibal > Stopcock – one job

*Pig > Stopcock –seen peering through a window at the back of the swimming pool ... on not the females change room but a utilities room with a stopcock
